# Adding permissions to service accounts

You can manage your service accounts, discover newly added accounts, and set account notifications.

If needed, you can add permissions to a service account user. Service accounts are used to perform concurrent backups efficiently.

## Steps

1. Click Services from the left navigation pane.

2. Click the Microsoft Office 365 link.

3. Click the + icon next to **Manage Service Accounts**.
4. Click **Confirm** to be redirected to the Microsoft Office 365 sign-in page to grant permissions.
